Summary

Reiji, Tobio, Teru, Tetsuya, and Ryutaro saddle up and take on the Oregon Trail! Will our five beyblade underdogs survive the 2000 mile trip? Based on the Westward Trail game.

The Oregon Trail Game

The year is 1848 and you are about to embark on a 2000 mile journey across North America from Independence, Missouri to Oregon Country on the Pacific coast via the fabled Oregon Trail. Awaiting upon your arrival, should you survive the arduous trek, will be 640 acres of free farmland in the fertile Willamette Valley. If you're up for the challenge, start by naming the leader of your wagon team and choosing your profession.

Wagon Leader's Name: Reiji

Proffesion: Banker

Despite the difficulty of the journey, you'll be brining along your large family. Only married couples are eligible for the full 640 acres (single settlers receive half that much), and you'll need your children to be your workforce once you arrive on your new farmland.

Reiji had no family, so he brought along his best buddies.

Name The Other Members Of Your Party: 1. Tobio 2. Ryutaro 3. Tetsuya 4. Teru

Departure Date

You must decide what time of year to begin your journey. If you leave too early in the year, there won't be sufficient grass for your oxen to eat. If you leave too late, you risk getting stuck in harsh winter weather before making it to Oregon.

Reiji decided to leave in May. He only decided this because Ryutaro talked him into it.

Now let's hit the Trail! ^_^

You have no Food!

Reiji: Were's all the food?

Ryutaro: Good question.

Tetsuya: We sure ran out fast, crab...

Tobio: Well, we had 90 pounds of food, and there's five of us...

Teru: No wonder it ran out so fast...

Tetsuya: I'll go trade for more food, crabby!

Tobio: Good luck with that.

Later...

Tetsuya: Hey crabs! I got us 200 more pounds of food!

Teru: Wow, really?!

Tetsuya: But I had to trade two wagon axles for it.

Reiji: Pleasssse don't tell me you took them off the wagon... *Inspects Wagon*

Tetsuya: OF COURSE NOT!

Severe Thunderstorms slow your pace

Teru: EEEEEEEEEEEEEK! Holy christmas nuts! It's POURING outside! *Cowers in the corner of the wagon*

Reiji: We can keep going. Just... slower...

Tobio: If we get struck by lightning I'll STRANGLE YOU!

You've reached the Kansas River Crossing. The river may be several feet deep in the middle. What do you want to do?

Reiji: Hmmm... water...

Ryutaro: I think it would be safe to Caulk the wagon and float across.
